

Dr. Montri Sanwangsri

Department of Environmental Science

School of Energy and Environment, University of Phayao, Thailand

Education:

- 2017 Doctor of Philosophy (Environmental Technology), The Joint Graduate School of Energy and Environment, King Mongkut's University of Technology Thonburi, Thailand
- 2005 Master of Science (Agricultural Resources and Environment), Faculty of Agricultural, Khon Kaen University, Thailand
- 2001 Bachelor of Sciences (Environmental Sciences), Faculty of Sciences, Ramkhamhaeng University, Thailand

Prizes and awards:

- 2011 Petchra Pra Jom Klao Ph.D. Research Scholarship (KMUTT)
- 2010 Visiting Scientist Scholarship in Laboratory for Environmental Physics, Center of Atmospheric Biogeosciences at the University of Georgia, Griffin Campus, Griffin, Georgia, U.S.A.
- 2009 Earth System Science Scholarship
- 2008 2nd Class Scholarship from Center of Excellence on Energy Technology & Environment

Research skill:

- Climate change and carbon cycle
- Long-term monitoring of CO₂/H₂O vapor and energy budget by eddy covariance technique
- Agricultural and forest meteorology
- Methane emission and methane mitigation approach from the paddy field
